E-Tendering of Water Resources Department has shifted to New NIC E-Proc. Portal. On this new portal Award of Contract (AOC) is to be done online. Despite letters written under reference by Nodal Officer/E-Tendering to all Executive Engineers with copy to your offices the Award of Contract (AOC) is not being completed on the E-Proc website. The training in this regard was given to all concerned that the financial evaluation and financial opening in respect of tenders is to be done on the E-proc website only. As a result of above anomaly, the unsuccessful bidders are not getting their refunds and the successful bidder's EMD is not getting transferred to the account of Nodal Officer E-Tendering.

It is requested that Xen's under your command shall be directed that wherever the contracts have been awarded physically but not on the website, the website shall be updated. For future tenders also all the technical evaluation, financial evaluation and financial opening and Award of Contract shall be done on the E-proc website only.
